

As A Man Think So Is He

Learn to think better and bigger more positive and
You will be bless in whatever you go to do.

What you think about all day long will come to
pass in your life. So, you have to be very careful
what you think about.

Your opinions and thoughts will create your
emotions. Your feeling will create your
circumstance.

What you experience in the future is a direct out
come of the choices you make and expect today.

This is why I say this to myself everyday all day
long... *"I expect wonderful things to happen to
Me"*.

You will get what you believe and your belief
comes from what you think. And what you think
comes from your life experiences and what you
been taught through out the years. Your parents,
association and what you have learned over the
years. Some of the things you learned may not
have been the truth or good for you.

Your life has been shaped after your belief and
your belief is what you think deep inside yourself.

Start today to change your thinking and you will
chance your life around.

The power to do this... is inside of you and controlling
your thoughts will create your future "calling those
things that be note as though they were."

The bible teaches; Finally, brethren, whatsoever
things are true, whatever things are honest,
whatsoever things are just, whatsoever things are
lovely, whatsoever things are of a good report; if
there be any virtue, and if there be any praise,
think on these things ~ Philippians 4:8
